After I have seen an announcement of your company, I have interested and decide to apply for work at your company that have a position as Civil Engineering because your company requirement for this position are excellent for my background and experience. If you can give me an opportunity Site Engineering Assistant in your company that I considered part of my progress. I am currently Civil Engineering at Norton University. I have some experiences that I have worked for nearly a year at Borey Vimean Phnom Penh as Engineering Staff, and Surveyor Assistant at Vuthy Construction. I know well in English and Computer. According to my ability, I can do it well, I worked carefully and good communicated with others people. I also have good moral life with integrity, honesty, high for this pleasure in helping in the company.

Based on my experience, knowledge, good communication skills and excellent problems solving behavior and strong commitment to this work. I believe I can provide the product of effective work. I expect that I will respond to good news.

I hope you will give a chance for me to become your company staff.
